Parking?

**Please be sure you're not
parked behind our building**

**Please park in front of the
building along 278 or on the
side along Shelter Cove Lane**

Guidelines for today

- **No cell phones, please turn sound off**
- **Only relevant questions during and at the end, at presenter's discretion**
- **Please avoid all side conversations, which are impolite and a distraction to all**
- **To view these slides, simply go to HHICC's web site at <https://hhicc.org/> and then click on the Presentation tab**

- How does Google Photos work?

Mobile Phones and Computers

Smartphone Photo Sharing

Smartphones

Photos are
inside the phone

Install “Google Photos App” on your smartphone. Automatically copies phone photos and stores the photos in Google Photos *in the cloud*. Then you can delete photos from phone to “Free Up Space.”

With Google Photos you can then create **ALBUMS!** Every album has a unique link, use the link to email and share your photos with family and friends

**Google Photos is free storage, and viewing.
Create, edit and share photos and albums.**

Camera Photos and Sharing

Cameras

**Photos on
Memory Card
inside the camera**

Share w/family & friends

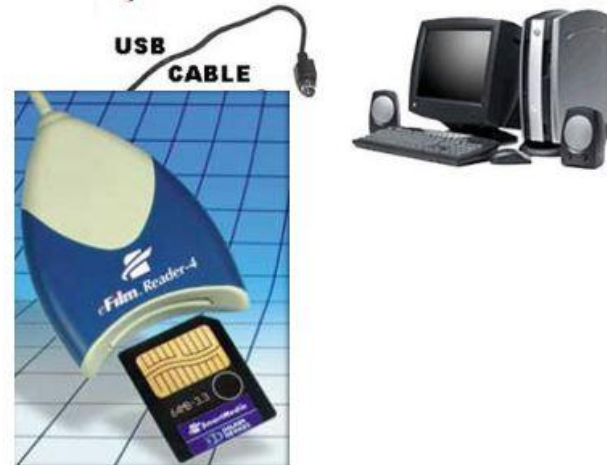

Cameras

SD Memory Card w/photos is in the camera.

Use wi-fi, computer slot or USB SD card reader to copy photos into the computer

- USB – Memory Card Reader to Computer

Share w/family & friends

Cameras

Once Photos are in the Computer

- Organize as needed, by date and/or topic.
- Use “Google Photos Upload” or *Google Desktop Uploader* app to upload photos to Google Photos, in the cloud.
- As photos are uploaded, you can create **ALBUMS**.
- Edit and share photos and albums.

Sharing Albums

The screenshot shows a mobile phone interface displaying a photo album titled "2017 Wilfore Christmas" with the subtitle "Dec 2–28, 2017 · Shared". A sharing menu is overlaid on the screen, showing the album title and a note: "Only album owner can add photos". Below this, a URL is displayed: <https://photos.app.goo.gl/qFG87tfNkU4ErMcv1>, with a "COPY" button to its right. A red arrow points to the "COPY" button. Below the URL are three social media sharing options: Google+, Facebook, and Twitter. The background shows a collage of photos from the album, including a house at night with palm trees, a map of Georgia, and a dog. The bottom of the screen shows the Android home screen with various app icons and a dock.

Icon for Editing

The image is a screenshot of a web browser displaying a Google Photos album. The browser's address bar shows the URL: photos.google.com/album/AF1QipPlx3OjyQp4TJrs38zotv3zxrtnZ_FhRHAacgN/photo/AF1QipNYnpp58ejtZ9Uj-Tmx9DLm1mwXq5NRZoUGDbb_. The browser's tab bar shows several open tabs, including 'Inbox (1,17)', 'Google Cal', 'Messages', 'Google Pho', '_X_Google', 'Google Pho', '_My Presen', and 'Photo in PI'. The browser's bookmark bar shows 'Bookmarks', 'Inbox', 'Calendar', 'Messages', 'Google Drive', 'Google Photos', 'IP-eedition', 'Journal', 'PRINT', 'My Blog', 'HHICC', and 'Other bookmarks'. The main content area shows a photo of three people (a woman and two men) standing in front of a tropical beach with palm trees and a bay. The photo is displayed in a gallery view. In the top right corner of the photo, there are several icons: a share icon, an edit icon (a square with a pencil), a search icon, an information icon, a star icon, and a three-dot menu icon. The edit icon is circled in red. In the bottom right corner of the photo, a mouse cursor is hovering over a small red circle, which is also circled in red. The bottom of the screenshot shows the operating system's taskbar with various application icons, including Chrome, Gmail, a folder icon, a document icon, YouTube, a search icon, a play button icon, a settings icon, a logo icon, a text editor icon, a timer icon, a folder icon, the Google logo, a menu icon, a microphone icon, a pencil icon, and system status icons for battery, Wi-Fi, and time (12:00). The text 'OLYMPUS DIGITAL CAMERA' is visible in the bottom left corner of the photo.

3 Functions - First is Effects

The screenshot shows a mobile phone interface with a browser at the top displaying a Google Photos album. The main area features a large photo of three people in a tropical setting. To the right is a grid of filter options, with the top-left icon (a square with a plus sign) circled in red. A notification at the bottom left states: "Edits are visible to anyone you've shared this photo with". The bottom dock contains various app icons including Chrome, Gmail, Messages, Notes, YouTube, Photos, Play Store, Settings, a social media app, a text editor, a timer, a calendar, and the Google logo. The system tray at the very bottom shows the time as 11:04.

Auto - 1 click

The screenshot shows a web browser window displaying a Google Photos album. The main image is a photograph of three people (a woman and two men) standing outdoors in front of palm trees and a body of water. The word "Auto" is written in red on the right side of the main image. To the right of the main image is a grid of 12 smaller photo crops, each with a label below it: Original, Auto, West, Palma, Metro, Eiffel, Blush, Modena, Reel, Vogue, Ollie, and Bazaar. The "Auto" option is highlighted with a red circle and a red line. The browser's address bar shows the URL: photos.google.com/album/AF1QipPlx30IjyQp4TJrs38zotv3zxrtrnZ_FhRHAacgN/photo/AF1QipNYnpp58ejtZ9Uj-Tmx9DLm1mwXq5NRZoUGDbb_... The browser's bookmark bar includes links for Inbox, Calendar, Messages, Google Drive, Google Photos, IP-eedition, Journal, PRINT, My Blog, HHICC, and Other bookmarks. The bottom of the screen shows a mobile OS dock with various app icons.

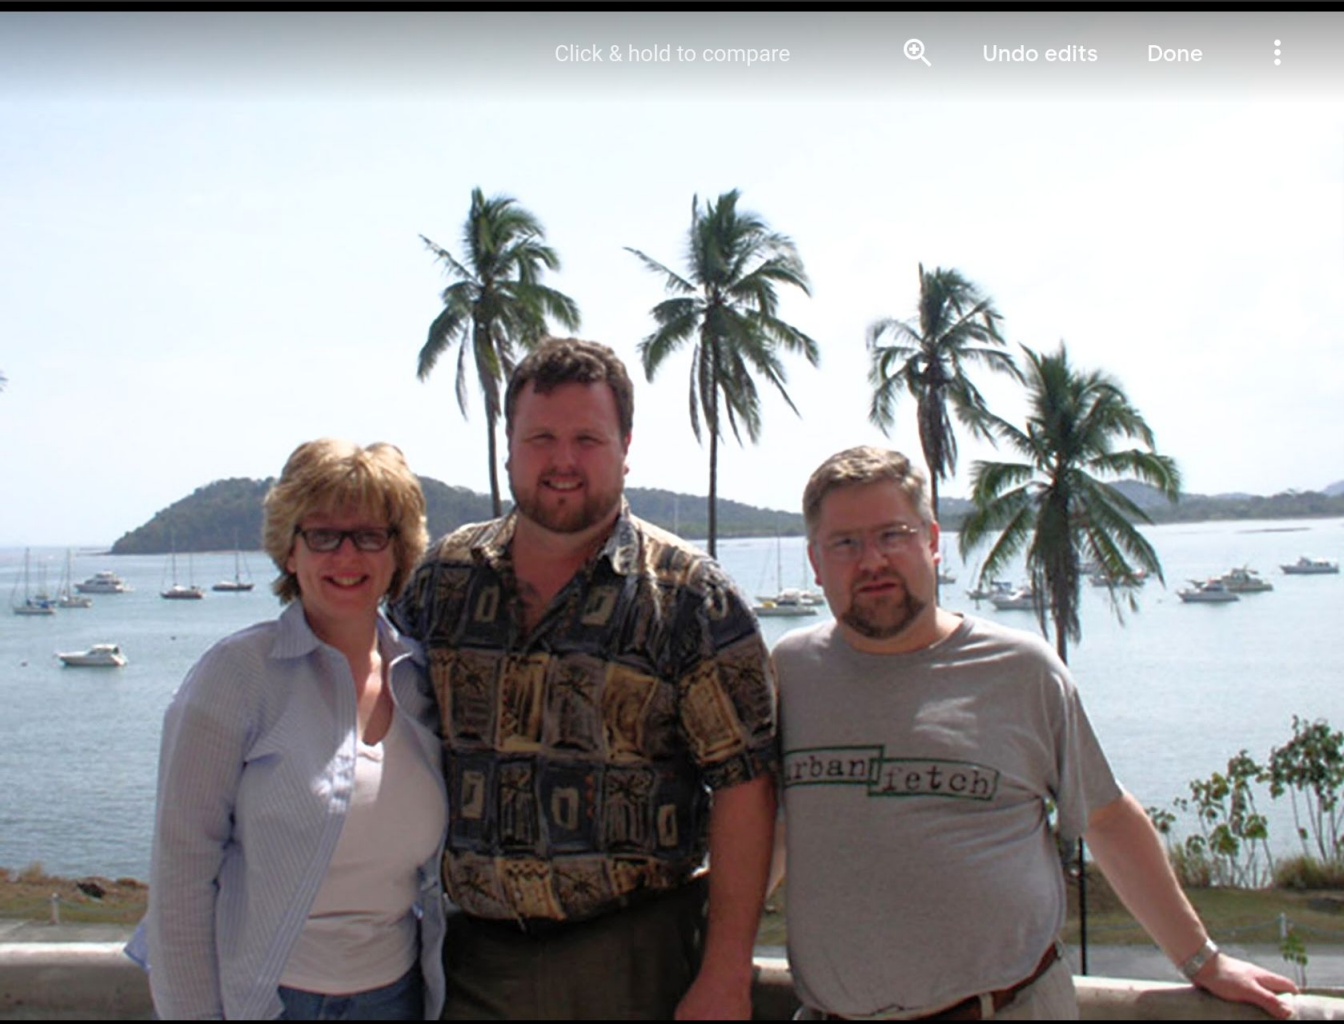

2nd Function - Light + Color + Pop

The image shows a mobile application interface for editing a photograph. The main area displays a photo of three people (a woman and two men) standing outdoors with palm trees and a body of water in the background. The photo is framed by a dark overlay with a search icon, the word "Done", and a three-dot menu icon. To the right of the photo is a settings panel with three sliders: "Light", "Color", and "Pop". Each slider has a white dot indicating the current setting and a downward-pointing chevron icon on the right. The "Light" slider is at approximately 50%, "Color" is at approximately 50%, and "Pop" is at approximately 25%. A red circle highlights the top icon of the settings panel, which is a grid of four squares. A red arrow points upwards from the text "Drop Down Arrows" to the chevron icons on the sliders. The text "Drop Down Arrows" is written in red, bold font. At the bottom of the screen is an Android-style navigation bar with various app icons and a status bar showing the time as 11:04.

2nd Function - Light

The image shows a screenshot of a web browser displaying a Google Photos album. The main area shows a photo of three people (a woman and two men) standing outdoors with palm trees and a body of water in the background. The right sidebar contains editing tools. The 'Light' tool is highlighted with a red circle, and its icon (a grid with a horizontal line) is also circled in red. Below the 'Light' tool are sliders for Exposure, Contrast, Highlights, Shadows, Whites, Blacks, and Vignette. The browser's address bar shows the URL: photos.google.com/album/AF1QipPlx30IjyQp4TJrs38zotv3ztrnZ_FhRHAacgN/photo/AF1QipNYnpp58ejtZ9Uj-Tmx9DLm1mwXq5NRZoUGDbb_... The browser's top bar shows several open tabs: Inbox (1,175) - jwilf, Samsung takes the, Google Calendar, Messages for web, Google Photos Edit, and Edit photo - Google. The bottom of the screen shows a mobile-style dock with various app icons including Chrome, Gmail, Photos, YouTube, and the system tray with the time 11:05.

photos.google.com

One Shortcoming, for me

- Google Photos Search is good, convenient but a bit limiting, only returning a list of ten. This is - especially limiting if you have a lot of albums
- Wouldn't it be nice if you could get a complete list of your albums, in order with titles (and links)? That may be a feature in the future, but for now my recommendation is to build a simple spreadsheet.
- Let's look at the spreadsheet that I created. For me, this makes sharing my (404) albums very easy, very quick, and quite flexible!

One Shortcoming, for me

Sheet1

Google Photos - Chaos

- So many photos, so many albums ...

Simple, secure group websites

Share information with a few people, a whole organization, or the entire world.

- **Create**
rich web pages easily
- **Collect**
all your information in one place
- **Control**
who can view and edit

Our Rocky Mountaineer Train Ride
