## Zoom Meetings

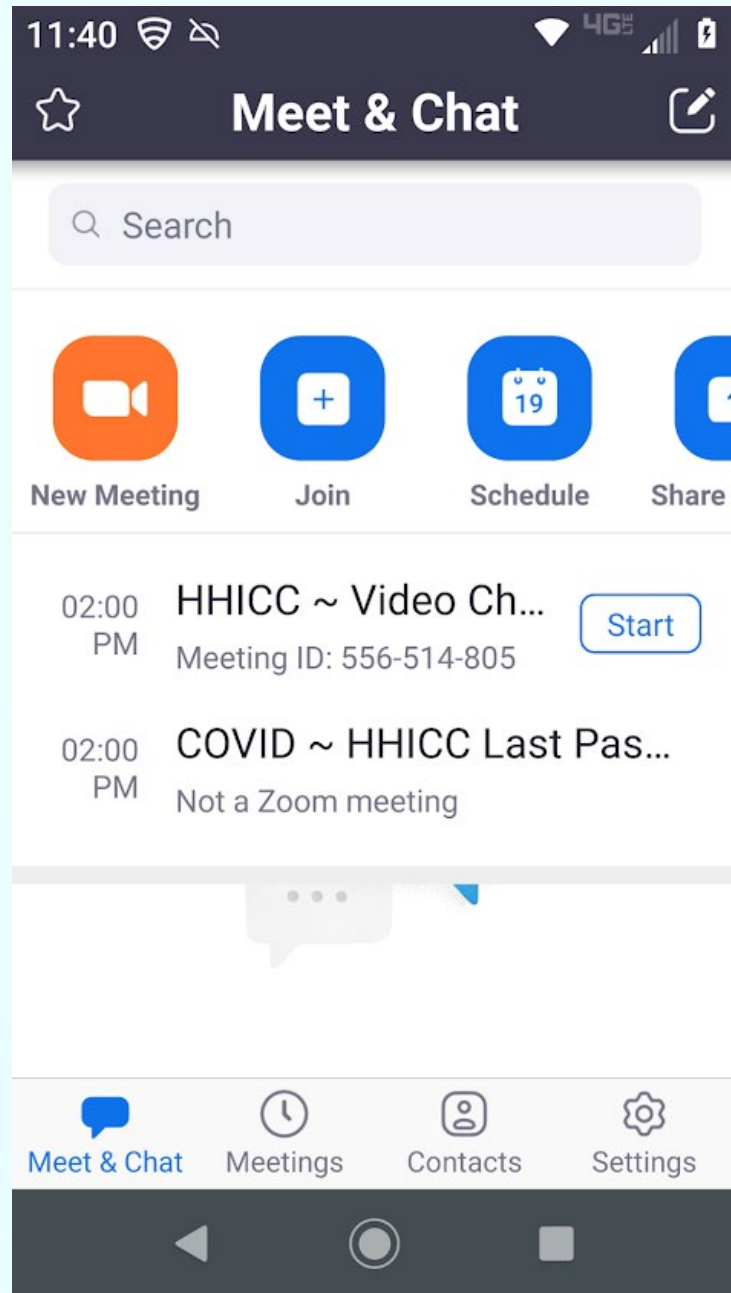

- **A meeting is a Zoom event where one person hosts and all other participants have equal footing.**
- **The host can share hosting responsibilities with other participants. Any participant can share their screen.**
- **Meetings can have up to 100 participants.**
- **Free account allows for 40 minute limit on meetings.**
- **Paid account (\$15/month) allows for unlimited time on meetings.**

## Via the Web

5

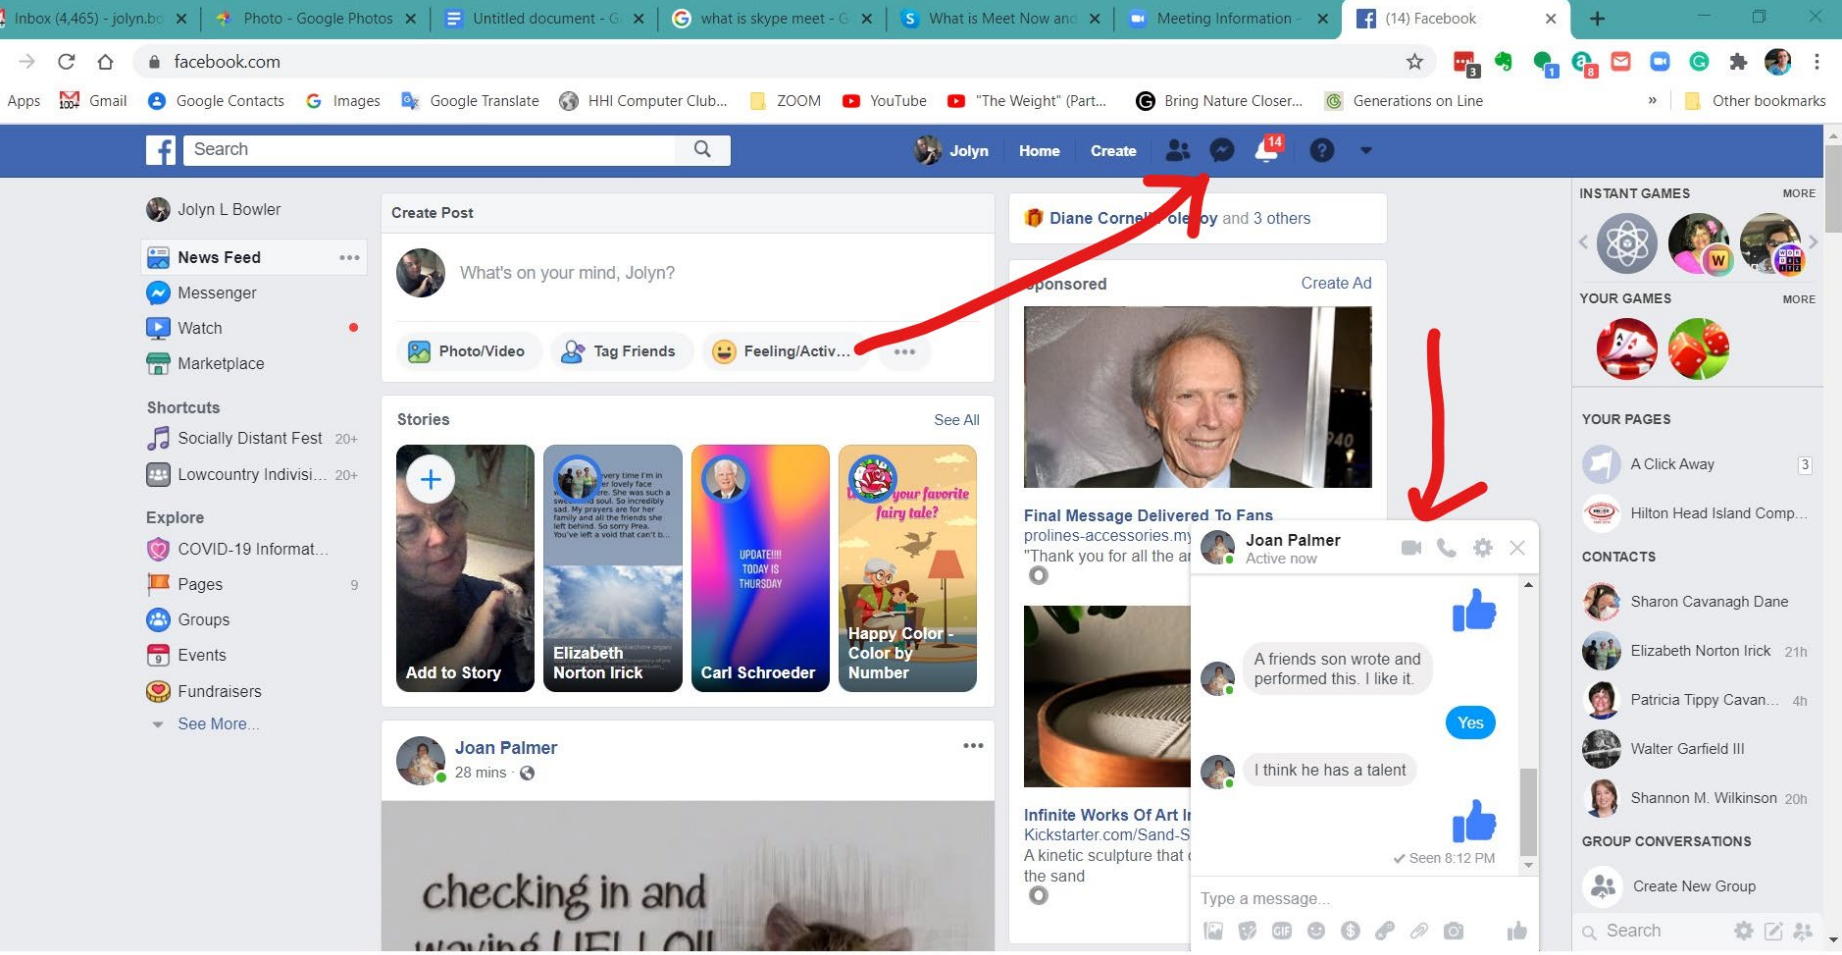

Via the Android App

# Facebook Messenger

- **Facebook Messenger is a mobile tool that allows users to instantly send chat messages to friends on Facebook.**
- **Messages are received on their mobile phones.**
- **Facebook Messenger also enables users to send chat messages to people who are logged onto their Facebook accounts.**
- **So whether on facebook.com or messenger.com or the app on our phone, you can chat by typing or video.**

# Via the Web in Messenger.com

The screenshot displays a web browser window with the address bar showing `messenger.com/t/janemkendall`. The browser's tab bar shows several open tabs, including 'Messenger', 'Gmail', 'Google Contacts', 'Images', 'Google Translate', 'HHI Computer Club...', 'ZOOM', 'YouTube', 'The Weight (Part...', and 'Bring Nature Closer...'. The Messenger interface features a 'Chats' sidebar on the left with a search bar and a list of recent conversations. The main chat area is for 'Jane Kendall', who is 'Active 1h ago'. A video chat window is visible, showing two participants wearing bunny ear filters. A notification bubble indicates 'The video chat ended. Tuesday 1:49pm' with a 'Call Again' button. The Windows taskbar at the bottom shows the search bar and various application icons.

## Facebook Messenger Via the Android App

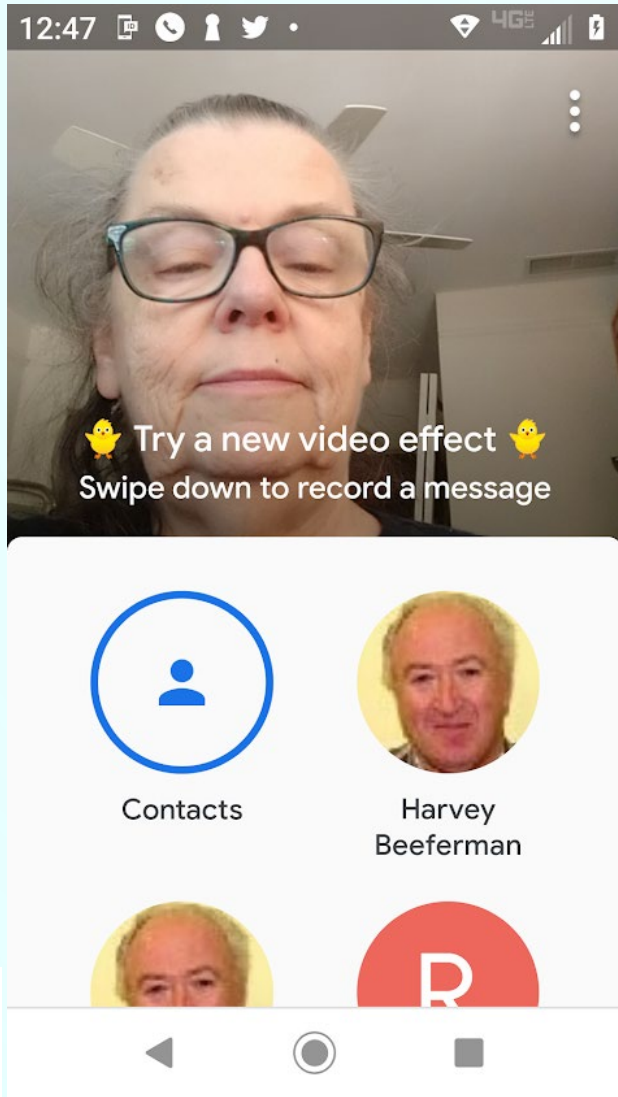

## Google Duo

- Google Duo is a simple video chat app published by Google.
- There are versions available for both iPhone and Android, so you can chat regardless of what kind of phone the other party has.
- Duo's "Knock Knock" feature lets you see live video of the caller before you accept the call.
- Duo works both on the [duo.google.com](https://duo.google.com) & the app on your phone.

# Via the Web

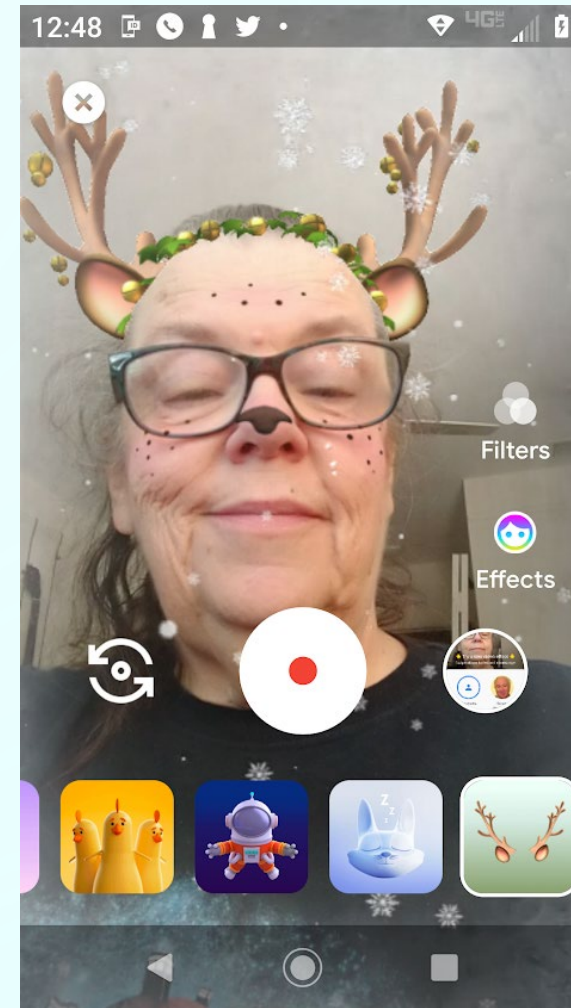

The screenshot shows the Google Duo web interface in a browser window. The browser's address bar displays 'duo.google.com'. The page title is 'Google Duo'. The interface is divided into two main sections: 'RECENT ACTIVITY' and 'ACTIVE ON DUO'. The 'RECENT ACTIVITY' section lists five contacts with their profile pictures and names: harveyb@gmail.com (11/8/19), Harvey Beeferman (11/8/19), Ron McClean (11/8/19), John Lantier (10/16/19), and Dave O'Brien (9/30/19). The 'ACTIVE ON DUO' section lists four contacts with their profile pictures and phone numbers: Alan Olivera ((843) 298-6840), Aldwyth ((843) 301-3016), Arthur von der Linden ((978) 835-9800), and Barbara Brown ((843) 415-0197). A search bar is located between the two sections with the placeholder text 'Search contacts or dial'. The browser's taskbar at the bottom shows various application icons and the system tray with the date and time '11:29 AM 4/9/2020'.

## Google Duo Via the Android App

**Fun features for  
Live video chat.**

# Google Hangouts

**A Google+ Hangout is a video chat that can host up to 10 people at a time. It appears as a live event in the Google+ stream, so people can join in if there's room. It is on the way out as far as Google is concerned, especially since they've done away with Google+. It still works well on either web or app.**

# Hangouts via the Chrome Extension popout

## Hangouts via the app

# Skype

- **Skype is for connecting with the people that matter most in your life and work.**
- **It's built for both one-on-one and group conversations and works wherever you are – via mobile, PC, Xbox and Alexa. Skype messaging and HD voice and video calling will help you share experiences and get things done with others.**

## Skype Meet

- **Meet Now in Skype allows you to easily set up a collaboration space**
- **Invite both Skype contacts and friends or family who are not on Skype.**
- **Participants can then easily join meetings whether they have an account or not.**
- **I've not yet used it. Skype's answer to Zoom**
- **Still a bit clunky.**

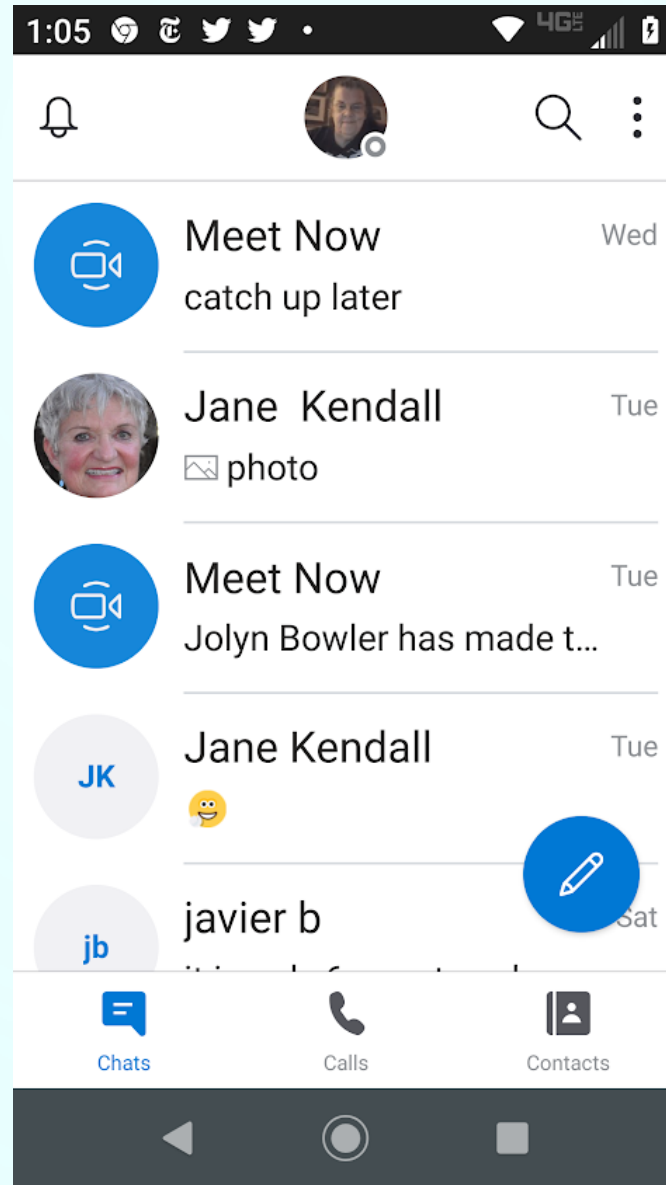

# SKYPE application on your computer

## Download from the Microsoft Store

20

## SKYPE via Android App

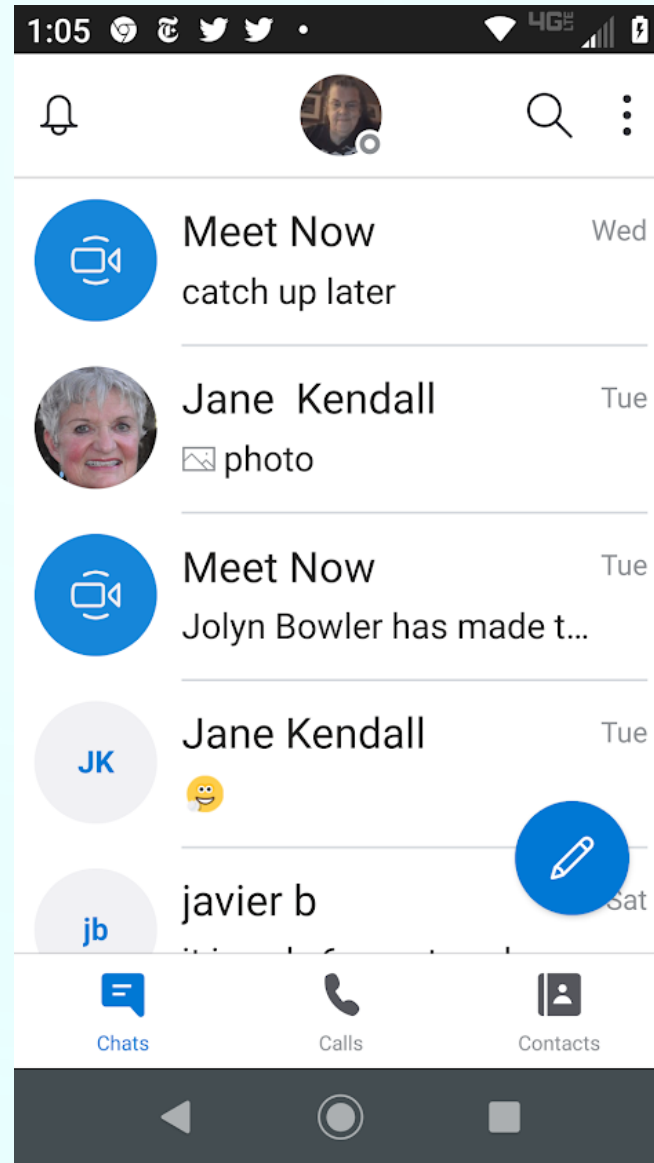

# WhatsApp

- **WhatsApp is a free to download messenger app for smartphones.**
- **WhatsApp uses the internet to send messages, images, audio or video.**
- **The service is very similar to text messaging services however, because WhatsApp uses the internet to send messages, the cost of using WhatsApp is significantly less than texting.**
- **WhatsApp is owned by and is a service from Facebook and is primarily used for international calls all over the globe.**

## WhatsApp from Facebook via Android App

**ONLY available from  
a phone app... not available  
on the web.**
