Learn Technology

Hilton Head Island Computer Club
HHICC
Members Helping Members Learn Technology Since 1989

Founded in 1989

Members helping Members, help themselves!

HHICC History

- Began with 11 people with a shared interest in 1989
- We immediately began our community service, teaching non credit computer classes at TCL
- 501(c)(3) Non-Profit Organization since 1992

HHICC Today

- One of the largest NFP's on Hilton Head Island
- About 1000 members
- Members want to buy or use their first computer (or tablet, or iphone),
- New users, experienced and even a few (but only a few) advanced computer users
- "Long lasting" volunteers who want to share – members helping members
- Volunteers also share experiences and knowledge with many community service organizations
- We all learn

HHICC Purpose

1. To educate the general public in personal computer use, and provide instruction in, and dissemination of, educational material in the public interest including, but not limited to, material relating to the fields of personal computer software and hardware, computer related devices, the Internet and electronic communications.

2. To provide a forum for the exchange of ideas, knowledge, and experience in the field of computer literacy at all relevant levels of technical expertise.

HHICC Evolution

- Over the years, always been dealing with change
- Devices like desktops and laptops, Windows and Macs, Smartphones, Tablets, iPads, Kindle Fires, All in Ones, and many more devices
- Internet, wi-fi, modems, routers, apps, cloud storage, etc.

Challenge - things are changing ever so quickly, and HHICC can help!

UPCOMING EVENTS

YouTube Basics…the Free Streaming Service

Monday, April 11, 4pm Zoom Session

Join us as Jack Scandrett describes the wide range of videos available on YouTube for free. This will cover how to navigate the YouTube interface and utilize what it has to offer the user. Note, this is about the YouTube free video service, not the YouTube TV service which is a for fee service providing live TV.

YouTube Studio...Share Your Own Video Memories

Monday, April 18, 4pm Zoom Session

As a follow-up to Jack Scandrett's YouTube session, Jolyn Bowler will present a review of what you can do with YouTube Studio. For those who are creating content or wanting to share memories with family and friends, YT Studio will allow you to take your simple uploads to the next level.

Using Cloud Productivity Services...Microsoft

Monday, April 25, 4pm Zoom Session

Cloud services from Apple, Google and Microsoft are free to anyone with an account. This is Jolyn Bowler's final session on these services and it will cover Microsoft One Drive. Each session is for all of our members, regardless of the type of hardware you have. You do not have to have Windows devices to take advantage of Microsoft's One Drive services. Join us in this presentation to find out about the free productivity tools that are available.

Click HERE to read full descriptions and then register for any scheduled session.
