-
- Pair your Phone with the app on Your PC
 - Initial setup – both devices must be on your home network
 - After they are linked, review the permissions of the App on your phone and allow access to photos and messages

Get started Sign in **Pair devices** Review permissions All set!

On your **Android phone**, go to **www.aka.ms/yourpc**

For Surface Duo and select Samsung phones, **Your Phone Companion - Link to Windows** is already installed and will open from the link. You can also access the app from **Quick Settings** by pulling down from the top of your device screen and selecting **Link to Windows**.

I have the Your Phone Companion - Link to Windows app ready

Pair with QR code Pair manually

To Allow
Phone Calls
from PC,
Must link to
Bluetooth

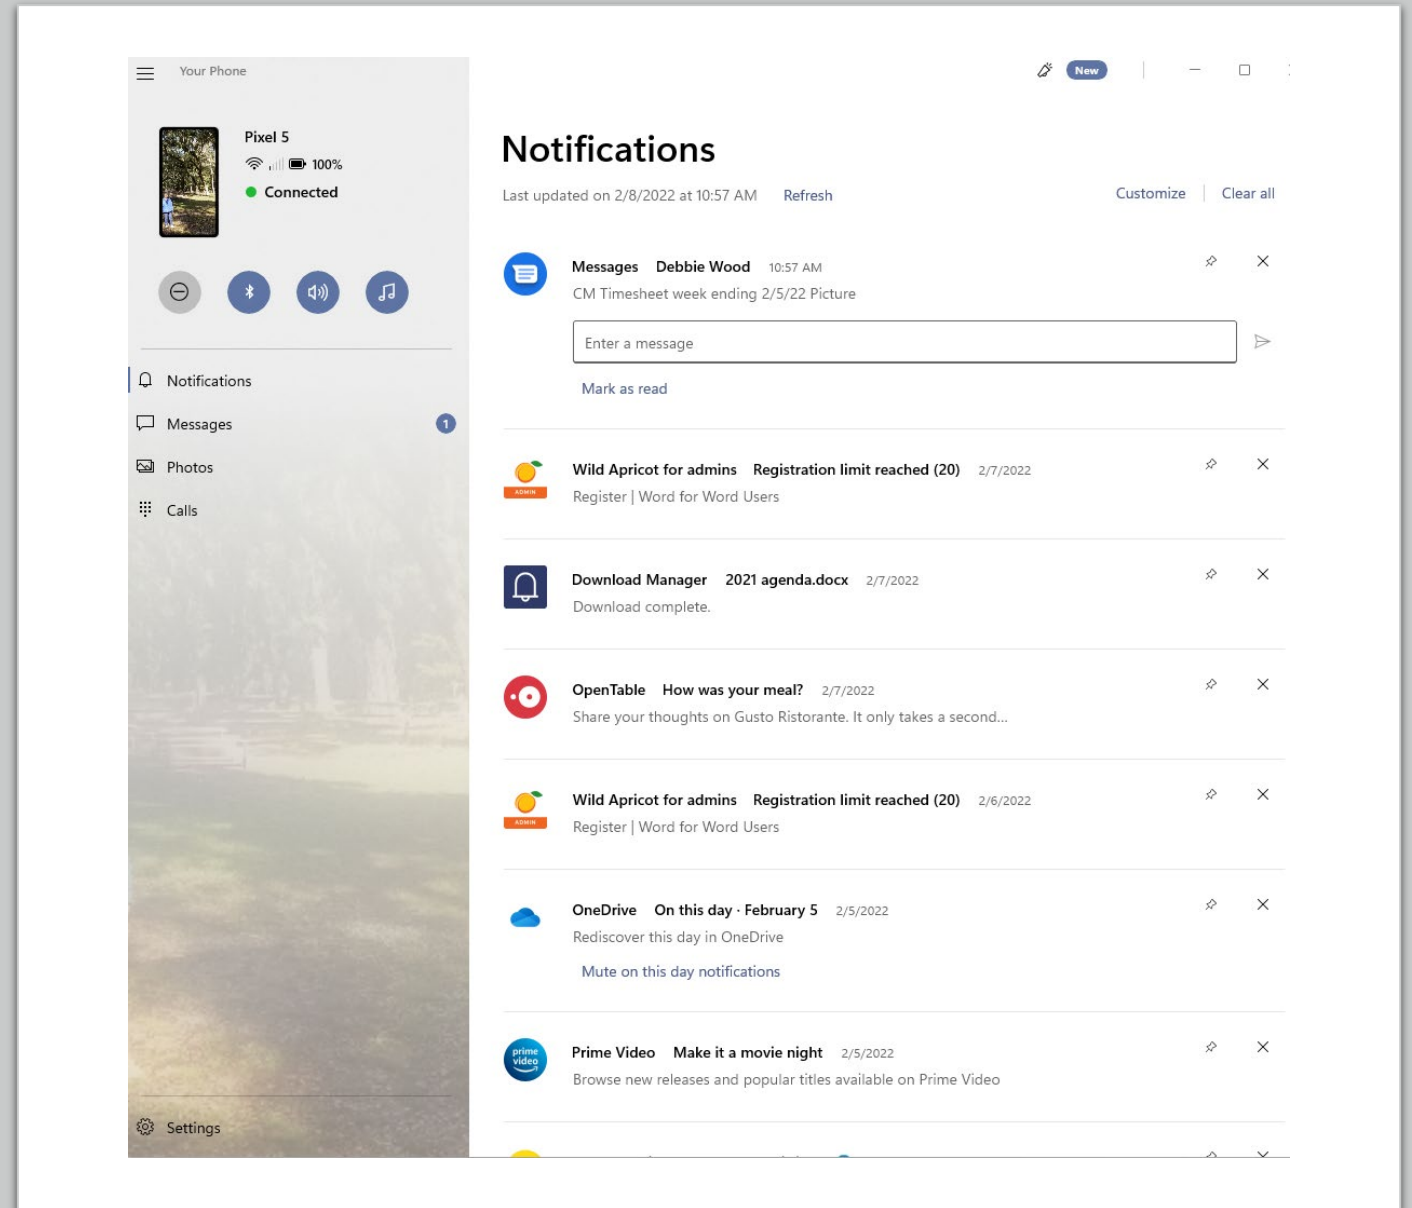

Getting set up...

You may be asked to turn on Bluetooth discovery permission from your phone.

Please make sure your phone is turned on and unlocked.

Create New Messages

The screenshot shows the Messages app on an iPhone. At the top, it says "Your Phone" and displays the phone's name "Pixel 5" with a profile picture, signal strength, Wi-Fi, and 100% battery. Below this are icons for Airplane mode, Bluetooth, Voicemail, and Music. A sidebar on the left contains "Notifications", "Messages", "Photos", and "Calls". The main area shows a list of messages:

- Debbie Wood** (Today): 1 attachment. CM Timesheet week ending 2/5/22.
- Glenn Davis** (Today): I'm looking at a possible conflict on Thursday - installing sound in our Fe
- Joe Chappell** (Yesterday): <https://www.nytimes.com/2022/02/07/te>
- (843) 816-6388** (Saturday): No, sent you an email on it. Ordering replacement soundboar
- Amy Swann, Gosia Galloway, Jeff...** (Friday): Or to shed a tear or tell him anything nice.
- (843) 368-9520** (Friday): Thank you Norm
- Greg Kronz** (Thursday): Sorry that I wasn't available; as was getting ready to head over to
- John Austin, James McGuirk, L...** (Thursday): Morning, guys, I will miss this morning. I have a dental appoint
- 72975** (Wednesday): PayPal: Your security code is: 391309. It expires in 10 minutes
- 85760** (2/1):

At the bottom, there is a "Settings" icon and a link to "Troubleshoot issues with messages".
